

Name: Polytech Jacket	Code: 35207	MC57 POLYTECH CLOTHING
------------------------------	--------------------	-------------------------------

Description

Jacket in 75% cotton, 24% polyester, 1% antistatic fibre fabric, weight 280 g/m². It features a Chinese collar with Velcro for neck protection, concealed zipper closure with metal snap buttons, two lower pockets and two chest pockets with flaps and Velcro, elastic cuffs, fixed shoulder flaps with military style epaulettes, reflective piping on the chest.

The jacket shall be worn in combination with the bib-trousers or trousers.

- The Polytech New Generation series is made with a multi-purpose fabric that combines antistatic properties with resistance to flames, heat and chemical products.
- Thanks to its features it is multi-purpose, practical and resistant, breathable and comfortable.

In combination with the jacket is it possible to wear our under garments: Carboflame undershirt art. MC5610 and Carboflame underpants art. MC5620, meeting the point A.2 of IEC 61482-2 which is stating that the electric arc protective clothing shall be used with under garments made of materials that would not melt with the arc.

The product is designed and manufactured to comply with the requirements of Regulation (EU) 2016/425 and subsequent amendments. It is classified as PPE Cat. III.

A dark blue, long-sleeved work jacket with orange reflective piping. It features a high collar, a concealed zipper closure, and several pockets: two chest pockets with flaps and Velcro, and two lower pockets. The jacket has elastic cuffs and fixed shoulder flaps. A small label is visible on the inside of the collar.
